**No. 2319**

**Introduced by Assembly Member Bonilla**

February 21, 2014

---

An act to add Article 8 (commencing with Section 60130) to Chapter 1 of Part 33 of Division 4 of Title 2 of the Education Code, relating to school finance.

### LEGISLATIVE COUNSEL'S DIGEST

AB 2319, as amended, Bonilla. School finance: Innovation, Training, and Common Core Implementation Fund.

Existing law requires the Academic Content Standards Commission to develop, and the State Board of Education to adopt or reject, academic content standards in language arts and mathematics that are internationally benchmarked and built toward college and career readiness by high school graduation, and requires at least 85% of these standards to be the common core academic content standards developed by the Common Core State Standards Initiative consortium or any association or related interstate collaboration, except as specified.

This bill would establish the Innovation, Training, and Common Core Implementation Fund Act, to be implemented if funds are received in the annual Budget Act or another statute, as specified. The bill would require the Superintendent of Public Instruction to allocate funds for the 2014–15 fiscal year to local educational agencies, *as defined, on the basis of an equal amount per pupil based on the prior year's enrollment* for specified purposes relating to the integration of common

core academic content standards in schools, including, among others, the professional development of teachers, administrators, and paraprofessional educators. The bill would require a local educational agency that receives funds to meet specified requirements, including reporting detailed expenditure information to the State Department of Education, and would require the department to summarize and submit the information to the appropriate budget subcommittees and policy committees of the Legislature on or before July 3, 2016.

Vote: majority. Appropriation: no. Fiscal committee: yes.  
State-mandated local program: no.
